153/19 **UPDATE FROM THE LAST MEETING REGARDING THE COUNCIL’S GRITTER AND TO CONSIDER FUTURE USE OF THE GRITTER**

At the last meeting it was agreed, Shaugh Prior Parish Council would store Bickleigh Parish Council’s gritter. A proposed clause was suggested that in exchange for use of the gritter Shaugh Prior PC would be asked to grit the roads in Bickleigh Parish (minute 143/19). However, following the meeting, the Clerk had been in touch with Scott Smy, Shaugh Prior Parish Clerk, who responded stating they were unable to accept such a commitment, so therefore declined the offer. The Chair explained the gritter is currently being stored at a former Parish Councillor’s farm and that as it but has not been used so should be in pristine condition. She went on to explain Council has tried in the past to get volunteers to use the gritter however the issue has always been that volunteers have had to use their own insurance to use their car with the gritter. The Clerk had checked with the Council’s insurers and confirmed this was still the case. Cllr N Hopwood agreed to store the gritter on her property and suggested Cllr L Taylor is asked if he could collect the gritter. Once the gritter has been collected future options will be considered by the Council.

The Clerk advised emergency works had to be completed due to block drains and that payments are due to Draincare and D Stockton.

It was noted the grass cutting contract is due for renewal and Green Spaces working group would review the tender process.

The Clerk advised the bank is £134,509.69 and that all funds are in the Unity Trust bank.

(c) **Appointment of additional bank signatory**
The Chair advised that she had raised the suggestion only Councillors present in the meetings where payments have been approved should be processing the online bank transactions. It was proposed by Cllr P Blight and seconded by Cllr B Spencer that Cllr L Tamsett-White is appointed as an additional bank signatory. RESOLVED.

(d) **To note the payment due for Employers National Insurance**
The Chair informed the Council that the Clerk had noticed the Employers National Insurance had not been paid. Having spoken to the Council’s payroll bureau, Minerva, the Chair ascertained that Minerva had applied, in the Councils name, to receive the Government Employers allowance. Noting that Public authorities (such as local authorities, town councils and parish councils) are not eligible for the Employment Allowance unless they have charitable status the Chair asked Minerva to check this. The Employers Allowance owing for this year is £905.80. The Council agreed, as recommended by the staffing committee, as from April 2020 the Council will process the payroll in house. NOTED.

**155/19 WOOLWELL CENTRE HEATING AND VENTILATION UPDATE**
Cllr P Blight updated the Council that the works have been completed. Jackman Peckover had advised the thermostat required rewiring in a four core cable. When the system was live the supply and the neutral as the switch live back to the heater and no earth. To rectify this an order was placed to replace the supply cable to the thermostat, enclosed in a lockable box connect as per the manufacturers wiring plan at a cost of £217.85. As per Financial Regulation 4, under the Clerks delegated authority and in consultation with the BPC Woolwell Centre working group, the Clerk authorised the expenditure. The works will be completed the first week in January. Cllr P Blight has circulated instructions regarding the heating & ventilation to the Woolwell Centre manager. NOTED

**156/19 GRANT AND DONATIONS**
Cllr B Spencer vacated the room. Cllr C Spencer remained in the room to answer any questions raised by the Councillors and sat in the public seating area.

Cllr N Hopwood raised a question to the Clerk on procedures. The Woolwell Centre working group met with the Centre Manager and last month produced a list of recommendations. The Working Groups recommendations included an item that the centre should be awarded a one of grant of £15,000, to bring the centre up to an acceptable level of decoration and provide better facilities. Cllr N Hopwood noted the Clerk had altered the recommendations with amendments to state Woolwell Centre should complete a grant application form and requested in future, even if the Clerk disagrees with the recommendations not to alter them. The Clerk
responded that she felt the procedures of completing the application form was the most appropriate method but agreed to improve communication and in future would not amend any working group recommendation notes.

The Woolwell Centre had submitted one grant application which covers both items 11a and 11b.

(a) **To consider maintenance grant application from The Woolwell Centre Trustees**

Cllr N Hopwood highlighted the £12,000 per annum grant was originally £35,000 proposing in order to help with the cashflow the Council commits to paying the £12,000 in two instalments over a three-year period.

Cllr K Archer proposed the Council agrees to commit the £12,000 per annum (over a three-year period) with the amount being paid in advance in two installments) but this Council reviews this in January 2020. Cllr N Hopwood seconded the proposal. RESOLVED.

(b) **To consider grant application from The Woolwell Centre for refurbishment of the centre and improved wifi facility.**

Cllr N Hopwood stated the reasons behind the Woolwell Centre working group’s recommendations to support this funding:

- The Woolwell Centre is not looking fit for purpose and because of this the centre is losing bookings.
- In order to attract more corporate clients, the Woolwell Centre needs a more professional corporate image.
- The Centre is starting to become such an inclusive part of the community.

Cllr N Hopwood stressed she would expect the Centre Manager to show due diligence by getting three quotes.

Cllr P Blight stated he would like to work in consultation with the Woolwell Centre and proposed the Council offer the funding of £15,000, working in consultation with the Woolwell Working group. The proposal was seconded by Cllr K Archer. RESOLVED

(c) **To note communication from Honorary Treasurer of St Mary's Parochial Church Council, Bickleigh regarding intentions to submit a grant application after 1st April 2020.**

The Chair reported a meeting had taken place with herself, Fr Simon Rundell, the treasurer of Bickleigh Parochial Church Council, Cllr B Spencer and Cllr W Haymes. Various options regarding the maintenance of St Marys Churchyard, including the possibility wildflower planting were discussed. Following the meeting, communication has been received from the Parochial Church Treasurer stating the church intended submitting a grant from April 2020. The Chair explained that whilst the Council is not considering the grant the figure requested, of £1,400, will be used for budgetary purposes.

The Chair also stated a grant application was received from Bickleigh Parochial Church Council on 16th December requesting funding for this financial year. As the application had been received after the agenda and supporting documents had been distributed, the funding request will be considered at the next Council meeting.

Appendix 3

Rear Kitchen – hot water tap has been sheared off – this type of tap is designed to drip at times as it is a pressure relief from the hot water tank situated below the worktop. 

There are 3 options to rectify this

Option 1 – to fit a replacement water heater and cheaper replaceable taps
Cost - £274.98p plus VAT (you may notice a pressure reduction when fitted)

Option 2 – to replace taps with type fitted
Cost - £285.00p plus VAT

Option 3 – To fit a replacement water heater, expansion vessel and taps to suit
Cost - £478.87p plus VAT

2 -The extract fan in the rear male toilets, the rear female toilets and the female changing rooms have been replaced, but have only been replaced with domestic style fans instead of commercial ones which would give the correct extraction rate to comply with building regulations
To fit PIR operated, timed xpelair fans per room would be per room £81.60p plus VAT

3 - The upstairs meeting room air conditioning system has failed and requires replacement.
